

JULY EDITION - 1978

EXECUTIVE AND OFFICERS

THE NORTH SHORE AMATEUR RADIO CLUB

President	Bob Miller	VE3HNNH	723-0601
Vice-President	Don Dewey	VE3GEN	668-8776
Secretary	Cy Hamilton	SWL	263-8157
Treasurer	Steve Wotton	VE3CFG	725-4197
Registrar	John Plulster	VE3FGL	655-4269
Get Well Cards	Ted Brant	VE3ADD	668-3516
Editor	Glen Flintoff	VE3AEQ	725-6408

NEXT MEETING:

The next meeting will be in the form of a social gathering at the repeater site. Everyone is welcome and you will see first hand what makes 'OSH' rank with the 'Great Ones'.

NEWS ITEM:

While this issue of the bulletin 'winds down' the activities for the summer season, there are some points deserving mention.

The Field Day was a huge success with weather, HMG's site and hospitality providing the setting for great activity and friendly rivalry. The Scottish flag on one side of the field and Mill QN's windmill on the other added a dash of colour.

The following results are total contacts, not points, as the multipliers have not been used.

75 metre phone	389	contacts
40 " "	309	"
20 " C.W.	315	"
2 " C.W.	11	"
2 " Phone	191	"
40 " C.W.	337	"
80 " "	211	"

TOTAL - 1763

The 2 metre boys offer their congratulations to the 20 metre group on their fine performance.

Bob ADJ has just done a fine job of repainting the repeater tower. We understand the wind painted him a matching colour. In the process of doing this, he discovered that the lockwashers on the sectional fastening bolts had rusted out, leaving the tower sections loose. These were replaced by Bob and Harry QG. Well done, fellows.

The transmitter hunts continue on Wednesday nights at 7:30 p.m. The last one was with Eric HMG as hidden transmitter. The participants located him in the following order - Ralph CRK, Mike FIV, Ken FPP and Bernie ATI.

JULY EDITION - 1978

Harry QG and Earl AZT dropped in as observers.

We do not have a list of calls for the new certificate holders as yet but listen for them.

Don HWY is eager to hold theory classes for another year and already students are enrolling. His XYL is 'going for it' this time, which supports the old adage, 'if you can't beat 'em, join 'em.'

Those wishing to enroll, phone Don at 985-8197

or write - Don Cole  
Seagrave, Ontario LOC1G0

Gary EPY will have some wind speed indicator boards for sale at the repeater site -

\$6.00.

Orders can also be taken.

The June 28 issue of The Canadian Statesman gave the Field Day excellent coverage with photographs - thanks to our Publicity Manager, John ILB assisted by Eric HMG.

JULY EDITION - 1978

REPORT OF ACTIVITIES OF THE NORTH SHORE AMATEUR RADIO CLUB TWO METRE NET

This report covers the balance of June, four net-nights.

The average number of check-ins per night was 44, which compares favourably with the nightly average for this year of 42.75.

In case you wondered, here are our 'statistics' since October 26, 1976:

Number of different stations to check in	432
Number of American stations	43
Number of YI/XYL's	12 Come in girls!
Number of VE's outside of Ontario (passing thru)	<u>6</u>

NOW TO FIELD DAY 1978

'After the clamour of battle, there comes a moment of rest, ..... etc.' With apologies to the original writer, it seems to describe the state of peaceful bliss prevailing between the Campbellford Mud Slingers and Pete's Petty Pennant Pinchers, and while The Scottish Highland Institute of Technology is deliberating on the respective merits, the present peaceful state is only a temporary truce, I am afraid.

Undoubtedly the Editor is covering Field Day 1978 adequately, suffice therefore to say that it must have been the most successful in the Club's history. The spirit of friendly rivalry, and good fellowship of the most willing and helpful kind was outstanding. On behalf of the entire Two Metre Net I would like to extend a sincere vote of thanks to all who in any way helped to make this Field Day so successful.

On the net last Thursday night, Hank VE3FHV said that he had over thirty good slides, and Evan VE3IND said that he also had twenty or so very good slides, and there also will be many more available, so here is the nucleus for an interesting fall meeting. 'Field Day 1978 - Oshawa Club Style'. How about it, Exec??

To close, my thanks to all who have helped to make the net a going concern. Have a good summer!

73 & 88's, Perce VE3AEX, Net Control

.....

ALL THE BEST FOR A MOST ENJOYABLE SUMMER!

73,  
GLEN AEQ
