NEXT MEETING:

The next meeting will be at the O'Neill Collegiate in the cafeteria on Tuesday, March 13 at 8:00 p.m. Featured at this meeting will be a slide presentation of a recent trip through Iran.

NEWS ITEMS:

Our new President, Don HYW, wishes to thank everyone on behalf of the Executive for their support in the recent elections. He further wishes to congratulate the out-going Executive for a job well done. It was truly a banner year.

REPORT OF ACTIVITIES OF THE NORTH SHORE AMATEUR RADIO CLUB TWO METRE NET

Net attendance for the month of February held steady at an average of 44.25 check-ins each night, which is good as there are many other activities taking place on the same nights. The amount of traffic and items of general interest continue to increase, and it always is of concern to learn the progress of those in hospital or on the sick list at home. We are able to report that Bruce Reeson is back at home after his recent stay in Oshawa General Hospital, and wish him the best of health. Rae VE3RP again is home on the doctor's orders awaiting further treatment. Hang in there, Rae. There doesn't seem to be too much information concerning Don VE3HDV who still is at Crockford Pavilion, and we believe awaiting further treatments. We all are pulling for you, Don. We are sorry to learn that Bob VE3GND's brother, Don, is having health problems at present and hope for a speedy recovery.

By now Milt VE3QN will be getting organized in his new QTH. Fine bizz, Milt, that was quite a chore! And welcome back to Lee VE3VF after his holiday in sunny Florida. Going south seems to be the order of the day with so many of our local group away. Happy journey to Evan VE3IND, Ron VE3FBB and Bill VE3RI to mention a few.

The ham gear of the late Carl Emes VE3RG is available for sale, with a list elsewhere in this issue. Anyone interested in good gear at reasonable cost should contact John VE3FGL or Perce VE3AEX for information. All inquiries are welcome. On behalf of the

MARCH EDITION - 1979

club one substantial lot of Dominion Store tapes was mailed to Brent VE3EJW for the S.P.A.R.C. Drive and Evan VE3IND, Ralph VE3KDN, Chris VE3HXI are actively involved in tape collection. Our thanks to all the willing helpers in this worth-while effort.

Again my thanks to all those who in any way help to make the net a success, and a warm welcome to all newcomers.

73 and 88, Perce VE3AEX, Net Control

Vic Naderer IHK has accepted the challenge to be the 1979 Field Day Director. He will need the help of all interested participants. Call him at 668-8507.

The ten metre net is still alive and well, operating each Sunday at 10:00 a.m. local time on 28,200 KHZ. Join in the fun.

Since a number of scanners are now operating in the area, secrets have become a scarce commodity.

Bernie ATI is still 'chipping away' at his computer.

This will be your last change to be listed on the 1979 membership list. Be sure your card is up to date. This will be the last bulletin mailed from the existing list.

ALONG THE LEAKY CO-AX

Milt QN is looking for a 'matchbox' to end feed a 'wet noodle' on 75 metres. Ed AZV has saved so much oil this winter he is trying for a refund from Iran.

MARCH EDITION - 1979

Don't forget your increased postage and S.A.S.E. for the trilliums to get those foreign QSL's.

See you when I get back from Freeport.

73,

Glen AEQ
