NEXT MEETING:

Since there will be no meetings as such during July and August, our annual 'Sermon on the Mount' or social gathering at the repeater site will take the place of the July meeting. All those interested in seeing the repeater, whose reliability we have all learned to take for granted, and meet those who maintain it so well.

This pleasurable event will take place on TUESDAY, JULY 10, at 7:00 PM. Talk-in directions on OSH frequency.

NEWS:

A 'roundup' of club assets in the way of equipment on loan or being in protective custody is being made by your executive. Anyone having any of this equipment, please call Cy Hamilton at 263-8157.

Shirley and Steve Wotton CFG are again hosting the Annual Corn Roast at their QTH, 319 Burk Street, Oshawa. They will need to know how many plan to attend so if you haven't already done so, call 725-4197.

This has been a fun event and their grounds complete with a swimming pool, are an ideal setting. Bring YL's, XYL's and small fry (Harmonics?)

Please remember to bring chairs, appetites and thirsts.

Time and Date - TUESDAY, AUGUST 14 - 7:00 PM

REPORT OF ACTIVITIES OF THE NORTH SHORE AMATEUR RADIO CLUB TWO METRE NET

With Field Day again a success, we are off on the summer activities. Mobile operation is now the order of the day, with the weekly transmitter hunts gaining in popularity. The average number of check-ins to the net for the month of June was 50.5 with the highlight on June 29 when 64 called in. My thanks to Bernie VE3ATI for taking the net on June 21. From comments heard, Bernie, you did an A-1 job. It is good news to learn that Glen VE3AEQ is now back at work again after a long spell of back trouble.

JULY EDITION - 1979

All on the net extend hearty congratulations to those who 'made it' on the recent exams, and a sincere 'tough luck' to any who failed on some portions. Remember Robert Bruce and the spider, and try again.

The next opportunity to meet will be at the repeater site, and I hope to be able to say 'hello' in person there. Field day presented a nice opportunity in that respect.

Again, my usual thanks to all, and now for a pleasant summer's hamming.

73 and 88,

Perce, VE3AEX, Net Control
