REGISTRAR	John Pluister	VE3FGL	576-3009
FLOWERS & CARDS	Ted Brant	VE3ADD	668-3561

Jan., 1973

LAST MEETING:

Elections were held for the 1973 Executive and those elected are shown at the top of this page. We wish them well and hope all members will support them during their term of office. A Wine and Cheese Party was held following the election and gave the members a good chance to get to know one another. Maybe we should have another one some time.

Next Meeting: January 9th - 8:00 p.m. Oshawa Airport.

FM NEWS:

Our repeater was silenced on Thursday, Dec. 28th but was back on Monday, New Year's Day. It looked like the tx power supply was shot but a metering switch apparently arced over. Harry, 3QG took the tx supply and transmitter to his shack and gave it a good test. The engineers triumphed again but we marred our record for reliable operation. The users may not realize that they should operate direct channel if the repeater fails. Try 'A' or 'N'. The metering panel has been removed and may need a new switch wafer. Earle, 3AZT and Eddie, 3AZV are on fm and others are waiting for surplus portables. Bernie, 3ATI finally got his portable working. The i.f. xtal was very unreliable and a new one fixed it up.

Bill, 3EWA wrote for his advanced ticket and is scanning the mail for results. 3DOC, 3CKK and 3BCQ are heard regularly on 75 nets such as Ontars and are doing a great job. If you want somebody between 7 a.m. and 6 p.m. try this net on 3755 Khz. DOC and CKK have fone patch facilities and they work well. Harry, 3QG sold his newly assembled SB-102 to Bill, 3EWA and is now putting separate rx and tx kits together. Transceiver operation did not suit Harry for rtty work. Jack, 3DTS is on from Wiarnton with an HW-12, and worked Ken, 3FPP who was up in the Bancroft region. Even Mike, 3DKW turned up on 75.

If you have news for the bulletin call or write Bernie, 3ATI, ..R.R.# 1, Brooklin, fone 655-4156.

Pete, 3DFD and Lorna, 3GNO have a nice new shack and will have no excuse now for not being on the air. It is not quite finished but will be soon.

FOR SALE:

Progress Line Tx and Rx strips in good condition, tuned up and ready to go, just need xtals and power supply which you can make or have built on request.

Price - \$20.00 each. Some are dual and some single channel.

Also Rx strips for sale as is for repair or spare parts - \$10.00 each.

Single channel Marconi DT-65.

See Pete Solly for price on this and above items. 118 Allan Street, Whitby, fone 668-6013
