December 1975

LAST MEETING

Auction night brought some of the bargain hunters out and while Bill, 3CMM was late he still brought a few pieces of equipment along. Wall clocks appeared once again and for the weak-sighted they will very likely find a place on the wall of the ham shack. A few H-23 portables and a large collection of parts from Hank, 3FHV were a few of the many items that were offered by our auctioneer, John, 3DDD. Bill, 3BRT donated a bushel of apples for a draw and John, 3FGL didn't get a chance to steal any this time but we understand Bill sneaked one for him anyway.

NEXT MEETING Tuesday, December 9, 7.30 p.m. OSHAWA LEGION BUILDING

This will be our Wine & Cheese party where you get a chance to sample some of the above. It has been popular before and we are hoping to get this bulletin in the mail as the strike has just been terminated. This is also election night and we need to have a good attendance so we can instal our new exec. in the proper manner. See you at the meeting. We enter by the rear entrance and we have obtained the V.I.P. room for the occasion. Time is from 7.30 until 10 p.m. The Legion Hall is located on the east side of Simcoe street near Mill street just above the 401 highway across from the Scott's Chicken Villa next to the bank.

BITS N PIECES

Bob, 3JNH is happy to get his SB-102 back from Heath again. He has been anxiously waiting for it to arrive and hopes it is fixed up for good now. Gary, 3EPY is now working the higher bands and looking for dx or whatever he can latch onto. Harry, 3QG has been hunting and we hope he found what he was hunting for. Glen, 3AEQ picked up the wrong top-coat and we hear the other guy is waiting for his keys so he can start his car in Scarborough. They were in the coat. Glen meanwhile is keeping warm with the coat but will have to return it soon. We're sorry to report that Fred, 3HE was in a car accident on Tuesday morning, the day it snowed. Someone hit his car broadside and he is in intensive care at the J.O.Ruddy hospital in Whitby as this piece is written. He has 3 broken ribs and a punctured lung. John, 3FGL is hoping to get straightened up at his new qth northwest of Brooklin and is probably making new plans for a bigger garden next year.

There have been approximately 50 club crests sold and if you don't have yours yet, contact Vic at the meeting or on the telephone real soon. Ron, 3AIY has had the 'flu and should be back on FM soon. Ken, 3FPP is having trouble with a supply he is building from a 73 circuit with a 723 regulator. Seems he is only getting about 7 volts and he needs 12 or better. Roy, 3AAF still goes out to his car to check into the FM net on Tuesdays. Must be mighty cold out there Roy. Ken does the same thing. Vic, 3ANX reports that there is a bargain table at the local ham radio outlet at Viola street . They have sold out to another company and are clearing out old stock. Take a look and see what they have; also the surplus store on south Simcoe wants to clear a lot of stock. The fire marshal says he must clean up and he wants to make a deal. There is some airport control gear there and Vic bought a power supply that has a good meter if nothing else works.

Here are a few repeater frequencies for your records.

LATE NEWS

Congrats to Ed VE3AZV on his retirement from Croven where he cut literally thousands (millions) of crystals over an 18 year period. He received a digital watch and other gifts.
