

EXECUTIVE AND OFFICERS

THE NORTH SHORE AMATEUR RADIO CLUB

President	Ralph Day	VE3CRK	576-8738
Vice-President	Bob Miller	VE3HNN	723-0601
Secretary	Doreen Aston	VE3FUR	728-9759
Treasurer	Steve Wotton	VE3CFG	725-4197
Registrar	John Pluister	VE3FGL	655-4269
Get Well Cards	Ted Brant	VE3ADD	668-3561
Editor	Glen Filintoff	VE3AEQ	725-6408

The NET ACTIVITIES have centered around Perce Sparkes and the two metre net Thursday evenings with check-ins beginning at 7:30 p.m.

NEXT MEETING - TUESDAY, SEPTEMBER 13, 1977 - ROOM C243 - DURHAM COLLEGE

The meeting theme will be 'Old Timers' Night, with colour slides of old time radios, courtesy of The Antique Wireless Association's museum collection.

EVENTS

The Ontario Championship Equestrian event in July was covered by 19, two metre units manned by 22 operators in the Enskillen area. They will be hosting the World Championship in two years time.

Dr. Gilchrist, Chairman of the Organizing Committee, was very impressed with the communications and forwarded a nice thankyou letter.

The next equestrian event will take place on Saturday, September 24, at Terra Nova Farm, Enskillen. Five, two metre units will be required. Volunteers should contact Bob Miller VE3HNN at 723-0601 and be at the farm at 8:00 a.m.

The next transmitter hunt will be Thursday, September 8; the last one was won by FPP with the able assistance of AMQ.

The Corn Roast hosted by CFG, Steve and Shirley Wotton, was a real success, and is very deserving of special thanks from those who attended and those who should have attended. On behalf of the group, we congratulate you on having provided a very pleasant evening and hope you are encouraged to do so another year.

NSARC Oscar - soon to arrive.

Don - HYW will hold code and theory classes for budding amateurs starting Wednesday, September 21, 7:00 to 9:00 p.m., Room III, Eastdale Collegiate. Students should obtain C.A.R.F. license manual.

Don requires nine, two metre units for a Control Data Rally for October 11 - 12:00 noon to 4:00 p.m., 401 and Victoria Park area. Contact him by October 1 at 668-4917.

SEPTEMBER EDITION - 1977

The 24th Corduroy Enduro with headquarters at Deer Lake Lodge, Haliburton, is being held on September 10.

WIAW code practice schedule - courtesy QST. Since this is too involved to copy now we can supply a copy of the page from QST.

NEWS ITEMSBanned Countries List

Iraq	- YI	Turkey	- TA & TC
Lybia	-5A	Viet Nam	-3W8
Pakistan	- AP	Yemen	- 4W
Somalia	-60		

- The raffle prize this month will be a 1977 ARRL handbook.
- Miss Kay Clark of Caledonia should be an inspiration to all of us. She is the first blind and deaf Canadian to become a licensed radio amateur. Under the call sign VE3KAY she receives code by touch.
- April 1977 T.O.A. carries a warming story of a blind amateur, Dr. John Brown, VE3CAX, who while in contact with another amateur who was in serious pain, recognized the symptoms of a heart attack, put through a phone patch to his contact's son, and thus had an ambulance pick him up and take him to the hospital. Well done VE3CAX.

Below is a report from VE3AEX.

Report of Activities of the North Shore Amateur Radio Club Two Metre Net

This report covers the period of operation June 2 to August 25, twelve weeks, there being no net on June 30 as the net controller was acting as 'Net Control' at a family wedding, and the volunteer stand-in had to work overtime. (Too bad John, better luck next time.)

Total number of check-ins - 425.

The check-ins ranged from 26 to 73 per night, the average being 35.4 with the peak occurring on July 14 when the net carried on until 2300 hours, during a favourable inversion, with station calling in from Oil City Pa., and Indiana, Pa., and VE3EZJ and VE3CBM, both in Tecumseh, and VE3IVC Belleville, and VE2AZP/3 at Picton. This shows once again the excellent coverage provided by 'Good Old O.S.H.' and the T.L.C. given so willingly by Harry, VE3QG.

It is strange to relate, but the YL's and XYL's seem reluctant to call in to the net, Ginny, VE3ADV, being the most consistent. It therefore was very pleasant to have Buddy, VE3JPB, call in last week using her new call. Congratulations, Buddy, and again, welcome to all YL's and XYL's who would like to check in. A very warm welcome is extended to Don Amis, WA2ACN, Medina, N.Y., who is, I believe, our first white-cane check-in from below the border. The amount of traffic is increasing, which is encouraging, and the net is being used as a bulletin board to advise of coming activities such as the recent Corn Roast, Corduroy Enduro, Horsemanship Rally, Hidden TX Hunts, etc. Again, my sincere thanks to all who have helped in any way to make the net operation a success. 73, and 88, as appropriate.

Perce, VE3AEX, Net Control

SEPTEMBER EDITION - 1977

Some very fine publicity for amateur radio has appeared in local publications thanks to our publicity man, John Wright VE3ILB.

Bob - HNH - Oshawa This Week - July 6, 1977

Eric - HNH and our gang - Field Day - Orono Times - June 29, 1977

Field Day again In The Reporter - June 29, 1977

"TEKNICKLE SEXSHUN"

Try this simple method of checking current through small battery operated devices:
